# CAS CADET CORPS

## VISION

To be an outstanding youth uniformed group in Hong Kong.

## MISSION

To nurture our cadets and facilitate their development into future leaders and responsible citizens by motivating them to participate actively in community service, civic education and discipline training.

## VALUES

To hold the belief in: integrity; spirit of mutual respect and understanding; self-discipline and team spirit and active in community service.

## OBJECTIVE

The Cadet Corps has the mission to encourage young people to develop skills and leadership through participating in group activities and training which are beneficial to the development of their mind and body. It aims at nurturing them to become future leaders and responsible citizens, building up their confidence, sense of responsibility, self-discipline and the spirit to serve others.

## BRIEF HISTORY

The Cadet Corps was established in 1968 as a youth wing under the Civil Aid Service (CAS). Composed of two units, the Corps consisted of a total of 200 boys. As the number of units continued to increase, there are altogether 4 032 boys and girls in 80 platoons under 5 companies in Hong Kong, Kowloon and New Territories. The Corps, which has all along been a uniformed group emphasising discipline training and social service, is fully subsidised by the Hong Kong Special Administrative Region Government.

## TRAINING & ACTIVITIES

Cadet Corps offers a wide variety of training and activities, including weekly assembly, footdrill, hiking, outing, camping, mountaineering, drone operation and virtual reality experience, as well as various personal adventure activities under the Hong Kong Award for Young People.

The CAS Headquarters also organises numerous all-round training classes for the cadets every year on first aid, rescue, crowd management, flag-raising, life-saving, canoeing, artistic cycling, rock climbing, musical instrument performance and so on. These enable cadets to acquire various extracurricular knowledge and skills.

The CAS also arranges competitions and tournaments on footdrill, camping, orienteering, etc which serve not only

as chances for cadets to strive for excellence but also as chances to promote friendship among members of different teams. What is more, national education and mainland exchange activities are conducted to increase their understanding on the motherland. The cadets can choose freely from the great varieties of classes and activities according to their own interest and time available. Outstanding cadets may be promoted to Senior Cadets, Deputy Cadet Leaders, Cadet Leaders and even Senior Cadet Leaders.
